Chief Guest Address

The Training & Placement Cell of NPR College of Engineering & Technology conducted the Career Guidance Programme for II, III and IV year students on 5th March 2021 at NPRCET Auditorium.

Ms. S. Seema Fathima of III-ECE delivered the welcome address.

The programme was felicitated by Principal Dr. J.Sundararajan.

Mr. A.Abilash of II-Mech introduced the Chief Guest.

Mr. K.N.Jothi Venkatesh, Placement Officer, NPR Group of Institutions made a presentation on this programme. He explained the current scenario of industry which was changed in the pandemic period and added that it was the time to learn new technologies so that the students could be eligible for the forthcoming placement.

He insisted the students to attend online webinar, workshop, and internships. He also informed the students to do online courses on their core subjects. Particularly, he

The Intensive communicative English programme for the III and IV year students of NPR College of Engineering & Technology, Natham was conducted on 1st September 2020 through Google Meet App.

The resource persons from Department of S&H and Placement trainers handled the classes.

This intensive communicative English programme focused on students to speak in English, communication related websites usages,

The important points discussed are as follows:

Students were instructed to search English Central website. English Central is a site where students can watch pre-recorded videos which are recommended based on their level and interests; learn new words by filling in the blanks while interacting with the video line; speak new words in context, getting instant feedback on their pronunciation and fluency.

The students get improved in areas such as; confidence in speaking English, ability to make an English presentation, vocabulary, pronunciation and English communication skills.

The students asked their doubts and got clarified at the end of the session.

NPR College of Engineering & Technology, Natham organized a Toastmasters Programme for first and second year students through Google Meet App.

The resource persons from Department of S&H and Placement trainers handled the session. The objective of this programme is to give awareness to the students for good communication in this pandemic period.

The important points discussed are as follows:

The websites like English Central, FluentU are extremely useful websites that facilitates language classes and interaction via computer-based activities and exercises to make the learning method very interesting. It gives a completely unique experience from the traditional system of learning and teaching by offering advanced features.

Websites like Babbel offers fun and a visual way to learn English through instructional activities like fill in the blank, multiple choices and more.

At the end of the session the students gave their feedback explaining how the programme helped them improve their communication skills and made them more confident of using English in a better way.

CIRCULAR

This is to inform that our College is conducting ICT course on "Programming in C" which is scheduled on Saturdays from 29.08.2020 onwards for III year students of Civil Engineering and Mechanical Engineering Departments. The students are instructed to make use of this opportunity and learn programming knowledge.

Mrs. V.Sujitha and Ms. R.Sugashini Assistant Professors of CSE department are the resource persons for this program.

The topics covered are as follows.

- Basics Of C Programming
- Operators & Expressions
- Arrays & Structures
- Functions & Pointers Strings

The ICT course on "Programming in C" was conducted by our college through ICT for III year Civil and Mechanical Engineering students from 29.08.2020 to 03.10.2020 on every Saturday.

Mrs. V.Sujitha, and Ms. R.Sugashini, Assistant Professors of CSE handled this course.

The faculties explained the following topics with more number of sample programs

- Basics of C
- Control statements
- Looping concepts
- Arrays and structures
- Functions

The students attended this course with interest and they gave a positive feedback. They told that the course was useful to face the upcoming placement drives.

Report on ICT course-Basics of MS Office

Participated By : II Mech & II Civil
Event : ICT program-Basics of MS Office
Resource Person : Mrs. C.Kalpna, AP-CSE & Mrs. J.Bama, AP-CSE
No. of Participants : 47
Through : Google Meet App

Screenshot taken during the program

The ICT course on MS Office was conducted by our college for the II year Civil and Mechanical department students from 29.08.2020 to 03.10.2020 on every Saturday. Mrs. C.Kalpna, and Mrs. J.Bama, Assistant Professors of CSE were the resource persons for this course and taught with more hands on sessions.

In MS word the students learnt the following:

- Highlight the sentence
- Inserting equations and images
- Formatting the paragraphs
- Working with Table

In MS Excel the students learnt:

- Work with spreadsheet
- Formula
- Sorting, hiding the cells, filtering

In MS Powerpoint the students learnt:

- Slides creation
- Animating the slides

This was very useful for the students to prepare project report and power point presentation for their final year projects.

Participated By : III EEE & III ECE
Event : ICT program - MATLAB Simulink
Resource Person : Mr. J.G.Sabarish, AP-ECE, NPRCET
No. of Participants : 38

Screenshot taken during the program

NPR College of Engineering & Technology conducted an ICT program on MATLAB Simulink for III year ECE and EEE students on 27th August 2020.

Mr. J.G.Sabarish AP-ECE, handled the session for this program.

The faculty provided a comprehensive introduction to the MATLAB Simulink technical computing environment. He explained the following topics in the program.

- Basics of MATLAB Simulink
- Difference between MATLAB and Simulink
- Available tools
- Applications
- Projects using MATLAB Simulink

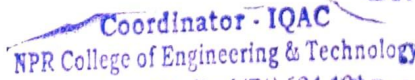

In the feedback session, the students expressed that the whole session was very useful and would be helpful to do projects in the final year.

At the end of the session the faculty clarified the doubts asked by the students.

Screenshot taken during the program

Our college conducted an ICT program on JAVA Programming for the final year ECE and EEE department students on 17th September 2020.

Mrs. J.Prisca Mary AP-CSE, was the resource person of this program.

The faculty delivered that JAVA is one of the most widely used programming languages; Java is used as the server-side language for most back-end development projects, including those involving big data and Android development. Java is also commonly used for desktop computing, other mobile computing, games, and numerical computing.

The students gave their feedback and they stated that this program would be useful for their campus drives.

At the end of program, students asked their doubts and clarified with the faculty.

Report on ICT program - Web Designing

Participated By : IV-CSE
 Event : ICT program - Web Designing
 Resource Person : Mr. J.Dinesh, AP/ CSE, NPRCET
 No. of Participants : 43
 Through : Google Meet App

Screenshot taken during the session

Our college conducted the ICT program on Web Designing for Final Year CSE students on 24th April 2021 through Google Meet App.

Mr. J.Dinesh Assistant Professor of CSE, conducted the program. He has given complete details about the fundamentals of Web Designing and how we could use that knowledge in programming.

The important points discussed are as follows:

The most important elements in web design are good navigation, concise and effective pages, working links, and, most importantly, good grammar and spelling. He insisted that these things in mind as you add color and graphics and your website will be off to a great start.

He told to study anyone of the languages like JavaScript Java, HTML, CSS, React, Angular, Python.

Finally, the students gave their feedback regarding the session.

Screenshot taken during the program

NPR College of Engineering & Technology conducted an ICT program on IoT Based System for III Year CSE students on 5th May 2021.

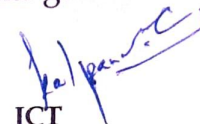

Mr. S.Sudhakar, Assistant Professor of ECE handled the session.

In his session, he gave description about IOT and gave a foundation in the Internet of Things, including the components, tools and analysis by teaching the concepts behind IoT and a look at real-world solutions. Also explained about IoTIFY which is a cloud native IoT simulator designed to test Internet of Things applications at a global scale.

He explained about AWS IoT which is one of the most popular IoT platforms out there. With its native integration with large set of AWS IoT services, it's one of the most comprehensive offerings amongst IoT platforms available today.

Finally, the students gave the feedback about the program.
